Looked after Children's Health Team

Information for Professionals

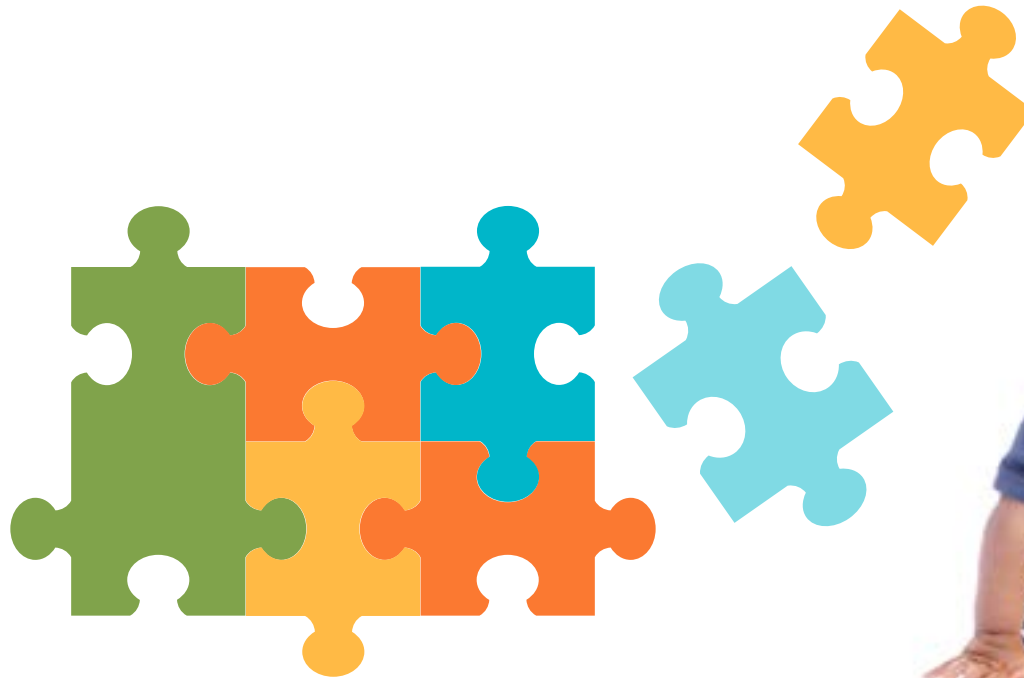

Who are the Looked after Children's Medical Team?

- Designated Doctor for Looked after Children – based at Riversley Park Centre
- Medical Advisor for Adoption – based at The Orchard Centre, Rugby
- We also have a small number of paediatricians who work part-time with looked after children and young people in Leamington / Warwick.

Important points to remember: -

- Children who are placed with prospective adopters but are not yet adopted should maintain their birth name (legal name) on any child health record until the adoption order has been finalised.
- Any confidential addresses must be kept confidential for the safety of the child.
- Please contact the Looked after Children's Health Team if you have any questions or queries relating to looked after children.

What is our role?

To ensure that the health needs of looked after children and young people are met.

These are children and young people placed by Warwickshire Local Authority and those from other areas living in Warwickshire.

It includes Asylum seeking young people.

We promote the health and wellbeing of these children and young people so that they are not disadvantaged by being in care.
