Equality Statement

At South Warwickshire NHS Foundation Trust we are fully committed to quality and diversity, both as an employer and as a service provider. We have a policy statement in our Equality Strategy that clearly outlines our commitment to equality for service users, patients and staff:

- You and your family have the right to be treated fairly and be routinely involved in decisions about your treatment and care. You can expect to be treated with dignity and respect. You will not be discriminated against on any grounds including age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation
- You have a responsibility to treat other service users, patients and or staff with dignity and respect

Our information for patients can also be made available in other languages, Braille, audio tape, disc or in large print.

PALS

We offer a Patient Advice Liaison Service (PALS). This is a confidential service for families to help with any questions or concerns about local health services.

You can contact the service by the direct telephone line on 01926 600054, by email: Pals@swft.nhs.uk or by calling in person to the PALS office which is located in the Lakin Road entrance to the hospital.

How to Use Crutches – Partial Weight Bearing

Patient Information Leaflet

**If you are unable to attend your appointment please
telephone 01926 600818 to cancel your appointment**

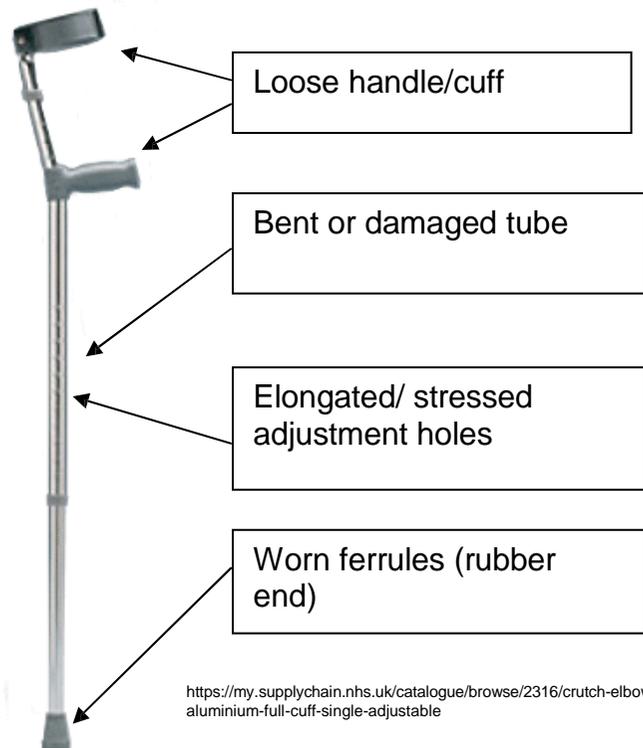

Introduction

The following information is a guide to show you how to safely walk with your crutches and to go up and down stairs.

If appropriate you will be given metal elbow crutches. A physiotherapist will measure these and advise you on how to use them.

Safety

It is important to check your elbow crutches regularly as over time they may get worn. Check for:

If you find any problems with the crutches please contact the NRS Store for collection- the number is found on the barcode sticker on the crutch.

Using Crutches

Sit-stand

Place the crutches in front of you making a 'H' shape with the handles so you can hold them in one hand. Use one hand on the chair and one on the crutches to push up into standing. When you are standing and balanced manoeuvre the crutches into each hand.

Reverse this to sit back down. Never stand up or sit down with your arms trapped in the crutches

Walking, partial-weight bearing with crutches

Place your crutches forward in a wide stance. Step forward with your bad leg, so that your bad leg comes in line with the crutches. Then bring your unaffected leg level. DO NOT hop past the crutches as this will increase the risk of falling.

Getting up stairs / kerbs

Stand close to the step. Hold onto the handrail with one hand and the crutch/crutches with the other hand. Step up with your unaffected leg first, and then bring your bad leg up onto the same step and then your crutch.

Getting down stairs / kerbs

Stand close to the stairs. Hold onto the handrail with one hand and the crutches with the other hand. Put your crutch down onto the lower step and then step down with your bad leg first and then your unaffected leg.

Always go one step at a time and hold the unused crutch on the outside of the supporting crutch.

Returning Crutches

Please return any crutches issued when no longer required to your nearest Hospital. Thank you for your co-operation.
